SUMMIT

STC1W6

9.75" x 29" x 12.63" (H x W x D)

6-bottle thermoelectric wine chiller designed to store large bottles with 3 1/4" to 3 1/2" base diameters; ships with extra frame to hold 8 750 ml bottles

Highlights:

Upright design lets you properly store open bottles of wine

Optimum wine storage with vibration-free operation

Perfect for holding Chardonnay, Pinot Noir, and other wines with larger bottle sizes

Product Features:

Thermoelectric cooling	No compressor for quieter operation
Upright bottle storage	Interior can hold up to 6 large bottles in an upright position
8-Bottle frame included	We include the standard lid for our STC1, letting you switch frames to store up to 8 standard 750 ml sized bottles
Vibration-free operation	With no compressor, wine does not experience damaging vibrations
Digital thermostat	Electronic controls for precise temperature management, with temperature readout and controls front located for added convenience
Wide temperature range	Thermostat can be set between 46º and 66ºF for proper storage of white, blush, or red wine
Glass window with LED light	Bottles stored in the front of the unit are displayed by an energy efficient LED light
Interior fans	Two fans ensure air is evenly circulated among all eight bottles
100% CFC and freon free	Environmentally friendly design with no ozone-damaging chemicals

STC1W6 Specifications:
