accucold

FF511LBI7MED2

Product Features:

33.5" x 19.25" x 22.63" (H x W x D)

Built-in undercounter auto defrost medical/scientific allrefrigerator with front control panel equipped with a digital thermostat and NIST calibrated thermometer/alarm; includes front lock, hospital grade cord, and internal fan

Highlights:

User-friendly front control panel keeps the thermostat and alarm in reach without having to open the door

Specially designed and featured to meet the CDC, VFC and VFA's guidelines for safe vaccine storage

Flexible design allows built-in or freestanding use in 20" wide spaces

Designed and engineered to store vaccines and other sensitive materials under stable temperature conditions
ETL-S listed to ANSI-NSF Standard 7 for facilities with commercial requirements
Front-breathing system allows the unit to be used built-in
Digital microprocessor for easy and precise temperature management, with all controls externally located for added convenience
Audible alarm sounds if the interior temperature rises or falls out of set range
Alarm includes continuous NIST calibrated display of the current interior and high/low temperature, and can be switched from Celsius to Fahrenheit at the touch of a button
Thermometer probe is encased in a glycol-filled bottle and stored in a fixed box on the center shelf. This is the ideal way to produce temperature readings closest to stored contents, as recommended by the CDC, VFC and VFA's guidelines
Keyed lock conveniently located towards the top of the door for added security (2 keys included)
Reduced maintenance with auto defrost system

accucold
