accucold

CT66LBIPLUS2ADA

32.38" x 23.63" x 23.5" (H x W x D)

ADA compliant refrigerator-freezer for built-in general purpose use, with dual evaporator cooling, NIST calibrated thermometer, internal fan, and front lock

Highlights:

32" height fits under lower ADA compliant counters

NIST calibrated thermometer displays the current and high/low temperature to the nearest tenth of a degree

Flexible design allows built-in or freestanding use in 24" wide spaces

Product Features:

ADA compliant	32" high to fit under lower ADA compliant counters	
Built-in capable	Make the best use of space by installing your appliance under the counter	
Factory installed lock	Keyed lock for secure interior	
NIST calibrated temperature display	Thermometer provides continuous display of the current and high/low temperature to the nearest tenth of a degree, with a readout switchable from Celsius to Fahrenheit at the touch of a button	
Buffered temperature probe	Thermometer probe is encased in a glycol-filled bottle to better simulate the temperature of stored contents instead of refrigerator air temperature	
Cycle defrost	This system utilizes user-friendly automatic defrost operation in the fresh food section and efficient manual defrost operation in the freezer compartment	
Internal fan	Fan-forced cooling helps to ensure more even cooling inside the refrigerator compartment	
Dual evaporator cooling	Our unique and efficient design separately cools the refrigerator while maintaining a lower temperature in the freezer compartment by utilizing two evaporators	
Adjustable shelves	Rearrange refrigerator space to accommodate all sizes or remove shelves for simple cleanup
