

# FFAR24L-FS24LSTACKPRO

40.38" x 18.5" x 17.63" (H x W x D)

FFAR24LPRO auto defrost all-refrigerator with digital controls stacked with compact manual defrost FS24LPRO all-freezer, both with factory-installed probe holes

## Highlights:

Separate refrigerator and freezer cooling in one slim-fitting unit

Both models are equipped with factory-installed probe holes for user-provided monitoring equipment

Customizable design can accept additional options, including temperature alarms, data loggers, and thermometers

## Product Features:

|   |   |
|---|---|
| Space-saving design                         | Allows you to create a full refrigerator-freezer with independent controls in a slim-fitting footprint  |
| FFAR24LPRO all-refrigerator                 | Compact auto defrost all-refrigerator fully featured with digital controls and an internal fan  |
| FS24LPRO freezer                            | Compact manual defrost all-freezer with factory-installed probe hole  |
| Access ports                                | Refrigerator and freezer include a 3/8" factory-installed probe hole to allow users to connect their own monitoring equipment                 |
| Factory installed locks                     | Both models include front locks for added security, with two keys included for each unit  |
| Hospital grade cords with 'green dot' plugs | Secure three-pronged cords for added unit safety  |
| Flat door liner                             | No door shelving to offer more storage depth and better temperature stability   |
| Easy assembly                               | Unit ships in three boxes for customer to install the StackRack on the bottom refrigerator/freezer and place and secure the other unit on top |
| Anti-tip bracket included                   | StackRack ships with anti-tip bracket for easy aftermarket installation   |
