

# ADAH1718SS

5" x 18" x 18" (H x W x D)

18 inch wide ADA compliant ductless range hood in stainless steel with remote wall switch

## Highlights:

ADA compliant design allows you to control the hood from a wall light switch for easier accessibility

18" wide range hood matches slim apartment sized ranges and cooktops

Designed for ductless (recirculating) operation

## Product Features:

|                                 |   |
|---------------------------------|---|
| ADA compliant design            | Hood is wired to run off a wall switch for improved accessibility, with a remote terminal block included            |
| 18" width                       | Designed to fit over slimmer ranges and cooktops  |
| Ductless range hood             | Use for recirculating operation where no ducting to the outside is available  |
| Stainless steel finish          | White and black range hoods also available in this size and series  |
| Two-speed fan                   | High and low setting gives you the right amount of power for most general cooking applications                      |
| Dishwasher-safe aluminum filter | Removable mesh filter with solid construction and easy cleanability   |
| Charcoal liner                  | Filter includes a charcoal liner for better absorption of grease and odors  |
| Switchable light option         | Unit can accept a light bulb (max 40W) with the switch included on the remote terminal block. Bulb is not included. |
| Made in the USA                 | Solidly constructed for years of use  |
