

SLS24W3P

66" x 24" x 26.5" (H x W x D)

Combination of European ENERGY STAR certified SLW241W washer and SLD242W heat pump dryer, both with 208-240V operation, front loading design, 14 wash/dry programs, and a single 3-prong 208-240V power cord

Highlights:

Made in Europe

ENERGY STAR qualified performance to save on electricity and water usage

Versatile design capable of stacked or side-by-side operation

Product Features:

Complete laundry station	Combines SLW241W wash & SLD242W heat pump dryer for a complete laundry station capable of side-by-side or stacked configuration
Made in Europe	Both models are fully featured with an advanced design for proper laundry care
ENERGY STAR certified (washer & dryer)	Use less water and energy than national standards require to ensure more efficiency and lower utility bills
208-240V Operation	Both units designed for 208-240V operation and can plug into the included Y-shaped NEMA 10-30P cord with a 3-prong plug for single cord operation
Y-cord with single 3-prong plug included	Included cord allows users to operate both the washer and dryer using a single plug for added convenience
Stacking feet included	Four rubber suction cup leg covers make it easy to safely stack this dryer on top of matching SLW241W washing machine. NOTE: feet are packaged inside the same bag as your dryer's user manual
Large interiors	Washer has 2.3 cu.ft drum (wash up to 19.8 lbs. of fabric), while the dryer has a 3.88 cu.ft. drum (dry up to 17.6 lbs. of fabric)
Front-loading design (washer & dryer)	Easy to load, with a glass door for a clear view inside

Stainless steel tub for washer & drum (dryer). Durable interiors holds up load after load
