

# HC20SSADA

5.5" x 20" x 20" (H x W x D)

20 inch wide ADA compliant under cabinet convertible range hood for ducted or ductless use in stainless steel, made in North America with a remote wall switch

### Highlights:

ADA compliant design allows you to control the hood from a wall light switch for easier accessibility

20 inch wide pairs well with a variety of ranges and cooktops

Made in North America in a TAA designated country

### Product Features:

|                                   |  |
|-----------------------------------|--|
| 20" Wide ADA Compliant Range Hood | Convertible hood designed for ducted or ductless installation in compliant with ADA guidelines                               |
| ADA compliant design              | Hood is wired to run off a wall switch for improved accessibility, with a remote terminal block included                     |
| Under cabinet range hood          | Low profile design offers classic style to finish your kitchen   |
| 20 inch width                     | Sized for use over 20 inch cooking surfaces (additional sizes available)   |
| Convertible design                | Can be used for ducted venting to the outside or recirculating ventilation where no external venting is possible             |
| Stainless steel finish            | Real stainless steel with a horizontal grain for a clean, professional look  |
| Easy conversion                   | Ships pre-set for recirculating mode but can be converted in a few simple steps  |
| Versatile top or rear exhaust     | Can be connected to 3 1/4" x 10" vertical or horizontal exterior venting or 7" round vertical (transition required for both) |
| Powerful ventilation              | Can operate at 270 CFM to ensure thorough ventilation of your cooking surface  |
