

ACR161WLHD

22.88" x 18.75" x 18.38" (H x W x D)

Compact healthcare all-refrigerator with self-closing glass door, front lock, digital controls, and external temperature readout

Highlights:

External temperature readout of the current and high/low temperatures

User-friendly front control panel keeps the thermostat and alarm in reach without having to open the door

Self-closing door protects interior products from ambient temperatures

Product Features:

| EQTemp Medical Refrigerator | All-refrigerator designed to operate between 2 and 8°C for a variety of storage application in medical offices and other healthcare facilities | |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Temperature Range: 2º to 8°C | Preset to 5°C as recommended for many storage applications | |
| Compact size | Full 1.58 cu.ft. capacity inside conveniently slim footprint | |
| External temperature readout | Includes continuous display of the current interior and high/low temperature, and can be switched from Celsius to Fahrenheit at the touch of a button | |
| High/low temperature alarm | Audible alarm sounds if the interior temperature rises or falls out of set range | |
| Buffered temperature probe | Thermometer probe is encased in a glass bead-filled bottle and stored in a fixed box on the center shelf. This is the ideal way to produce temperature readings closest to stored contents, as recommended by the CDC, VFC and VFA's guidelines | |
| Access port | 3/8" probe hole with cover is pre-installed in unit's side to allow easy installation of user-provided monitoring equipment | |
| Factory installed lock | Keyed lock for a secure interior (2 keys included) | |
| Automatic defrost | Reduced user maintenance with automatic defrost | |
