SAFETY DATA SHEET
Propylene Glycol

SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION

1.1 Product identifier
   Product Name: Propylene Glycol
   Product Codes(s): Propylene Glycol
   Synonyms: 1,2-Dihydroxypropane; Methylene glycol; Monopropylene glycol; 1,2-Propylene glycol; 1,2-Propanediol; 2-Hydroxypropanol.
   REACH Registration Number: No data available

1.2 Relevant identified uses of the substance or mixture and uses advised against
   General Use: Material for use in industrial and commercial formulation applications
   Uses advised against: None known

1.3 Details of the supplier and of the safety data sheet
   Manufacturer/Distributor
   Allan Chemical Corporation
   235 Margaret King Avenue
   Ringwood, NJ 07456 USA
   +1-973-962-4014

1.4 Emergency telephone number
   Chem Tel Contract # MIS0000288
   +1-813-248-0585
   +1-800-255-3924

SECTION 2 - HAZARDS IDENTIFICATION

2.1 Classification of substance or mixture
   Product definition: Substance
   Classification (Regulation (EC) No 1272/2008): None allocated

2.2 Label Elements
   Labeling (Regulation (EC) No 1272/2008)
   Hazard Symbol(s): None allocated
   Signal Word: None allocated
   Hazard Statement(s): None allocated

SECTION 3 - COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Substances

<table>
<thead>
<tr>
<th>% by Weight</th>
<th>Ingredient</th>

</tr>
</tbody>
</table>

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to the health or the environment and hence require reporting in this section.

3.2 Mixtures
   Chemical characterization (preparation)
   Not applicable

SECTION 4 - FIRST AID MEASURES

4.1 Description of first aid measures
   Inhalation: If product mist or vapor causes respiratory irritation or distress, move the exposed person to fresh air immediately. If breathing is difficult or irregular, administer oxygen; if respiratory arrest occurs, start artificial respiration by trained personnel. Loosen tight fitting clothing such as a collar, tie, belt or waistband. If symptoms persist, seek medical attention.
   Eyes: Immediately flush eyes with large amounts of water for 15 minutes, occasionally lifting the upper and lower lids. Remove contact lenses, if present and easy to do, after the first 2 minutes and continue rinsing. If irritation persists seek medical attention, preferably from an ophthalmologist.
   Skin: Flush skin with large amounts of water while removing contaminated clothing and continue rinsing for at least 15 minutes. Wash contaminated clothing and shoes thoroughly before reuse. If irritation occurs or persists, seek medical attention.
   Ingestion: Rinse mouth thoroughly with water if the victim is conscious. Remove dentures, if present. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If victim feels unwell, obtain medical attention.

4.2 Most important symptoms and effects, both acute and delayed
   Potential health symptoms and effects
   Eyes: May cause mild, transient eye irritation. Mist may cause eye irritation.
   Skin: Not expected to cause skin irritation.
SECTION 5 - FIRE FIGHTING MEASURES

5.1 Extinguishable media
   - Suitable methods of extinction: Water fog, water spray, carbon dioxide, dry chemical and alcohol-resistant foam.
   - Unsuitable methods of extinction: Water jets or direct water streams may spread fire.

5.2 Special hazards arising from the substance or mixture
   - Closed containers may explode due to the buildup of pressure when exposed to extreme heat. During emergency conditions overexposure to decomposition products may cause a health hazard. Symptoms may not be immediately apparent. Obtain medical attention.
   - Explosion hazards: Not considered to be explosion hazard.

5.3 Advice for firefighters
   - Full protective equipment including self-contained breathing apparatus should be used. Water may be used to cool closed containers to prevent pressure buildup and possible autoignition or explosion when exposed to extreme heat. Burning liquids may be moved by flushing with water to protect personnel and minimize property damage. If possible, water contaminated by this material should be contained from being discharged to any waterway, sewer or drain to prevent environmental contamination.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures
   - Wear all appropriate protective equipment designated in Section 8. Remove all sources of ignition. Ventilate the area.

6.2 Environmental precautions
   - Avoid dispersal of spilled material or runoff and prevent contact with soil and entry into drains, sewers or waterways.

6.3 Methods and materials for containment and cleaning up
   - Cover drains and contain spill. Cover with a large quantity of inert absorbent. Do not use combustible material such as saw dust. Shovel or sweep up product and place into an approved container for proper disposal. Observe possible material restrictions (Sections 7.2 and 10.5). Dispose of waste via a licensed waste disposal contractor.

6.4 Reference to other sections
   - See Section 13 for additional waste treatment information.

SECTION 7 - HANDLING AND STORAGE

7.1 Precautions for safe handling
   - Wear all appropriate personal protective equipment specified in Section 8. Do not get in eyes or on skin or clothing. If normal use of material presents a respiratory hazard, use only adequate ventilation or wear an appropriate respirator. Wash contaminated clothing and shoes before reuse.
   - Advice on protection against fire and explosion
     - Material does not present a fire or explosion hazard.

7.2 Conditions for safe storage, including any incompatibilities
   - Store in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10.5), food and drink. Store away from direct sunlight or ultraviolet light. Transfer only to approved containers having correct labeling. Keep container tightly closed to prevent moisture absorption. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers may be hazardous when empty as they contain product residues. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Do not take internally. Keep out of reach of children.

7.3 Specific end uses
   - Apart from the uses mentioned in Section 1.2, no other specific uses are stipulated.

SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1 Control parameters

<table>

<td>10 mg/m3 TWA (aerosol only);</td>
<td>50 ppm; 155 mg/m3 TWA (aerosol &amp; vapor)</td>
<td></td>
</tr>
</tbody>
</table>

8.2 Exposure controls
   - Engineering Measures: Technical measures and appropriate working operations should be given priority over the use of personal protective equipment. Use adequate ventilation. Local exhaust is preferable. Refer to Section 7.1 for additional data.
   - Individual protection measures: Wear protective clothing to prevent repeated or prolonged contact with product. Protective clothing needs to be selected specifically for the workplace, depending on concentrations and quantities of hazardous substances handled. The chemical resistance of the protective equipment should be enquired at the representative supplier.
   - Hygiene measures: Facilities storing or using this material should be equipped with an eyewash station and safety shower. Change contaminated clothing. Preventive skin protection is recommended. Wash hands thoroughly after use, before eating, drinking or using the lavatory.
   - Eye/face protection: Wear protective goggles or safety glasses with non-perforated side shields and a face shield. Refer to 29 CFR 1910.133, ANSI Z87.4 or Standard EN 166.

9.2 Other data

No data available

SECTION 10 - STABILITY AND REACTIVITY

10.1 Reactivity

No dangerous reactivity known under conditions of normal use.

10.2 Chemical stability

This product is stable under recommended storage conditions, handling and use. Hygroscopic (may absorb moisture from the air).

10.3 Possibility of hazardous reactions

None known

Hazardous polymerization does not occur.

10.4 Conditions to avoid

Temperature extremes; contact with incompatible materials. Avoid direct sunlight or ultraviolet light.

10.5 Incompatible materials

Strong oxidizing agents, strong bases

10.6 Hazardous decomposition products

Thermal decomposition products include oxides of carbon.

SECTION 11 - TOXICOLOGICAL INFORMATION

11.1 Information on toxicological effects

Acute Oral Toxicity

LD50, rat: >20,000 mg/kg

Acute inhalation toxicity

LC50, rabbit: 317 mg/l - 2h, aerosol. No deaths occurred at this concentration.

Acute dermal toxicity

LD50, rabbit: 20,800 mg/kg

Skin irritation/corrosion

Prolonged skin exposure is not likely to cause significant skin irritation.

Eye irritation/corrosion

May cause mild, transient eye irritation.

Sensitization

Negative
Specific organ toxicity - single exposure
No data available

Specific organ toxicity - repeated exposure
No data available

Aspiration hazard
No data available

11.2 Further information
This material is not listed as a carcinogen by IARC, ACGIH, NTP or OSHA. No data is available regarding the mutagenicity or teratogenicity of this material in humans, nor is there available data that indicates that it causes adverse developmental or fertility effects in humans.
Handle in accordance with good industrial hygiene and safety practice.

SECTION 12 - ECOLOGICAL INFORMATION

12.1 Toxicity
Material is practically non-toxic to aquatic organisms on an acute basis (LD50/EC50/EL50/LL50 >100 mg/l in the most sensitive species tested).

Acute and prolonged toxicity to fish:
- LC50 - Oncorhynchus mykiss (Rainbow trout), 96 h, static: 51,600 mg/l
- LC50 - Pimephales promelas (Fathead minnow), 96 h, static: 51,400 mg/l

Acute toxicity to aquatic invertebrates:
- EC50 - Daphnia magna (Water flea), 48 h: 1,000 mg/l
- EC50 - Pseudokirchneriella subcapitata (Green algae), 96 h: 19,000 mg/l

12.2 Persistence and degradability
Material is readily biodegradable.

12.3 Bioaccumulation potential
Bioaccumulation potential is low.

12.4 Mobility in soil
Potential for mobility in soil is very high.

12.5 Results of PBT and vPvB assessment
No data available

12.6 Other adverse effects
Additional ecological information
Do not allow material to run into surface waters, wastewater or soil.
An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

SECTION 13 - DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods
Product

Methods of disposal: The generation of waste should be avoided or minimized whenever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

Hazardous waste: The classification of this product may meet the criteria for a hazardous waste.

SECTION 14 - TRANSPORT INFORMATION

Note: Transportation information provided is for reference only. Customer is urged to consult 49 CFR 100 - 177, IMDG, IATA, EC, United Nations TDG and WHMIS (Canada) TDG information manuals for detailed regulations and exceptions covering specific container sizes, packaging materials and methods of shipping.

NOT REGULATED FOR TRANSPORT

SECTION 15 - REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for substance or mixture

U. S. Federal Regulations
OSHA Hazard Communication Standard: This material is not classified as hazardous in accordance with OSHA 29 CRF 1910.1200.
EPA Risk Management Planning Standard: Chemicals in this product are not regulated under EPA RMP Standard (RMP) 40 CRF Part 68.
EPA Federal Insecticide, Fungicide and Rodenticide Act: This product is not a registered Pesticide under the FIFRA, 40 CFR Part 150.
TSCA Status: All components of this product are listed on the Toxic Substance Control Act (TSCA) Inventory. This product is not subject to TSCA 12(b) Export Notification.
Comprehensive Response Compensation and Liability Act (CERCLA): This product contains no CERCLA reportable substances.

Clean Air Act (CAA)
This product does not contain any substances listed as Hazardous Air Pollutants (HAPs) designated in CAA Section 112 (b).
This product does not contain any Class 1 Ozone depletors.
This product does not contain any Class 2 Ozone depletors.

Clean Water Act (CWA)
None of the chemicals in this product are listed as Hazardous Substances under the CWA.
None of the chemicals in this product are listed as Priority Pollutants under the CWA.
None of the chemicals in this product are listed as Toxic Pollutants under the CWA.

U.S. State Regulations
California Prop 65, Safe Drinking Water and Toxic Enforcement Act of 1986:
This product contains no chemical(s) known to the State of California to cause cancer or other reproductive harm.

Other U.S. State Inventories:
Propylene Glycol (CAS #57-55-6) is not listed on any State Hazardous Substance Inventories, Right-to-Know lists and/or Air Quality/Air Pollutants lists.

Canada
WHMIS Hazard Symbol and Classification: None allocated
Canadian Controlled Products Regulations (CPR): This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations, and the MSDS contains all the information required by the Controlled Products Regulations.
Canadian Ingredient Disclosure List (IDL): Propylene glycol (CAS #57-55-6) is listed on the IDL.
Canadian National Pollutant Release Inventory (NPRI): None of the substances in this product are listed on the NPRI.

European Economic Community
Labeling (67/548/EEC to 1999/45/EC): Not a hazardous substance or mixture according to EC-directives 67/548/EEC or 1999/45/EC.
WGK, Germany (Water danger/protection): 1
